

1:3 DVD/CD RoboRacer MultiDrive SA™

Product Features

- Copies up to 150 DVD or CD discs unattended
- 3 disc writers finish large jobs 3 times faster than the previous generation
- 2 TB hard drive for convenient storage of disc images

Fully Automatic Disc Duplicator

The 1:3 DVD/CD RoboRacer MultiDrive is Aleratec's fastest, fully automatic, standalone duplicator yet. Now with three DVD/CD writers, the RoboRacer MultiDrive can complete your large jobs up to three times faster than its predecessors. In addition, it has a 150 disc capacity. This allows you to make 50% more duplicates without reloading your RoboRacer.

This next generation robotic duplicator also features a 2TB hard disk drive for storing multiple disc images that can be conveniently accessed for quick duplication at any time. It also features the Aleratec Smart Image Management System that maximizes the number of images that can be stored on the drive. Images can be easily transferred from a PC by USB 2.0 connection.

No computer is required to operate the 1:3 DVD/CD RoboRacer MultiDrive. You can load it with a source disc and up to 150 blank DVD or CD discs and it will produce duplicate discs completely unattended.

All these unique features are packed into a compact duplicator that sits on your desktop to make fast, efficient copies of DVD or CD discs with no operator intervention.

1:3 DVD/CD RoboRacer MultiDrive SA™
