Rigid Industries continues to lead the industry with innovation in their new Dually and D2 Heavy Duty Series. Rigid Industries has given its customers yet another LED product for rugged environments by taking our extremely popular D-Series line and creating the Dually HD and D2 HD for those who work or play hard and demand their lighting to perform like they do.

The Vibration Isolator is made from Polyurethane series 2000-A70 and molds around a 316 stainless steel core. The isolator attaches at four locations, expanding an already powerful compact light to new applications.

The new Dually HD and Dually HD2 are available in various lighting combinations to meet all lighting needs.

All Dually HD and Dually HD2 LED Light Kits come with the following:

- Plug & Play wiring harness with switch
- Mounting Bracket
- Mounting Hardware
- Choice of Yellow Bezel (Set of 2)
- Limited Lifetime Warranty
