Cirrus Medical Staffing Launches Its Permanent Placement Web Site, CMSDirectHire.com

Healthcare Staffing Industry Leader Cirrus Medical Staffing Launches CMSDirectHire.com, a Dynamic Web Site for Allied Professionals Seeking Permanent Placement Opportunities

Charlotte, NC – Cirrus Medical Staffing (cirrusmedicalstaffing.com), an industry leader in placing travel nursing and allied healthcare professionals, announces the release of CMSDirectHire.com. This new site supports Cirrus Medical Staffing's permanent placement division, CMS Direct Hire. It provides physical therapists, occupational therapists and other allied healthcare professionals access to the company's latest permanent placement opportunities and features information that better support the needs of candidates.

The site has been designed with a customized job search feature. Job seekers can search for jobs based on their license, specialty and state. Additionally, candidates can upload their resumes, qualifications, and job preferences to the team for customized searches using CMS Direct Hire's experienced recruiters.

"CMSDirectHire.com offers improved user experience that allows those looking for therapy work to easily find job postings based on their license, setting, and preferred state," says Craig Matijow, Director of Permanent Placement. "As with everything we do at Cirrus, our priority has always been to provide both our candidates and clients with the best service we can give."

Cirrus President Randy Holloran reaffirms this sentiment by saying, "We're very excited to include CMS Direct Hire as part of our overall staffing services. Many of our clients have been asking for this service for years and we're pleased to help them with their permanent placement needs."

Mr. Holloran adds, "On the candidate side, we're constantly looking for new ways to engage qualified candidates and help them achieve their career goals. CMSDirectHire.com delivers a wide array of features that help users in their job search."

Visit CMSDirectHire.com to find the latest therapy positions.
