

# SUNDEK PROTECTION FACTOR

*"It's **SPF** For Your Concrete."*

# It's **SPF** For Your Concrete

We have a lot on our minds...  
our families...our health...our investments.

The last thing you need to worry about is the concrete that  
you work, play & live on.

The **SUNDEK** Protection Factor is another decorative concrete industry  
first. It is the only long-term solution that allows you to select from a menu of  
maintenance options to protect your concrete.

Just like your skin, your concrete is exposed to the elements and needs the proper  
level of protection. Choose from an **SPF 5** to clean your coating to an **SPF 60** to apply  
one of **SUNDEK's** custom textures in a variety of color choices and design options.

Call it a "Wellness Program" for your concrete's health.

Making house calls since 1970 has given us the experience to insure we provide the  
correct diagnosis for you and your home.

We believe in protecting America's concrete so strongly we believe if ...

**You Stand On It. We Stand Behind It.**
