**InspiraTouch** is TouchSystems' line of touch tables. They are built with one purpose in mind: inspiring collaboration and interaction.

**The InspiraTouch tables** feature two sizes: 42-inch displays and 55-inch displays. The displays are housed within an ergonomic table enclosure. The enclosure has a space for a PC and cable management, resulting in a sleek touch solution. The displays have been integrated with an infrared touch technology. They boast a SmartPower energy saving feature and an anti-sticking (anti-ghosting) capability.
