

ACTpro Enterprise

PC Application Software

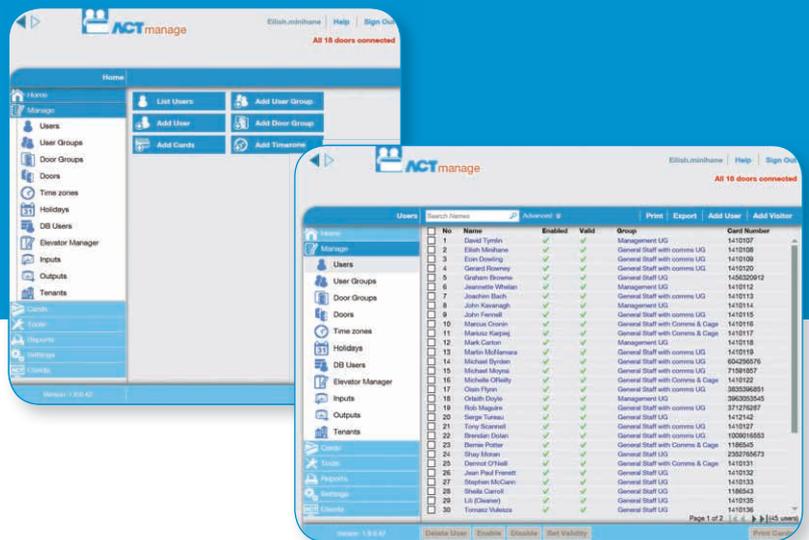

ACT

Access Control Technology

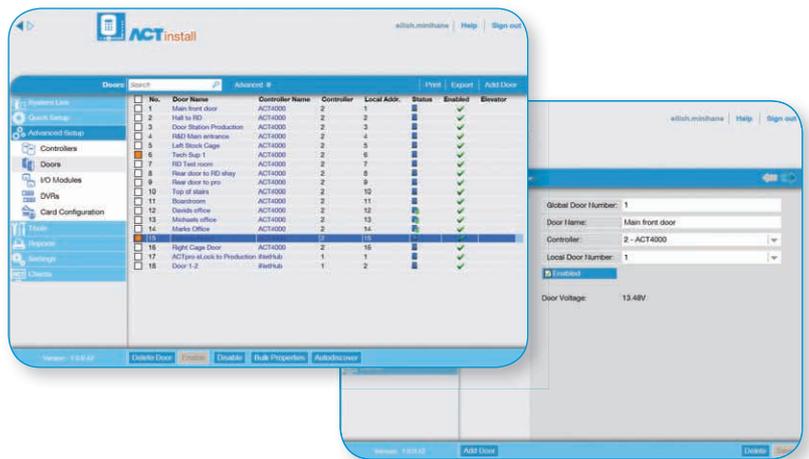

ACTpro Enterprise is intuitive and easy to use; the software is built around the typical roles in an organisation. ACT Enterprise scales from a single door to thousands of doors and provides all the functionality required to manage your systems.

Main Features

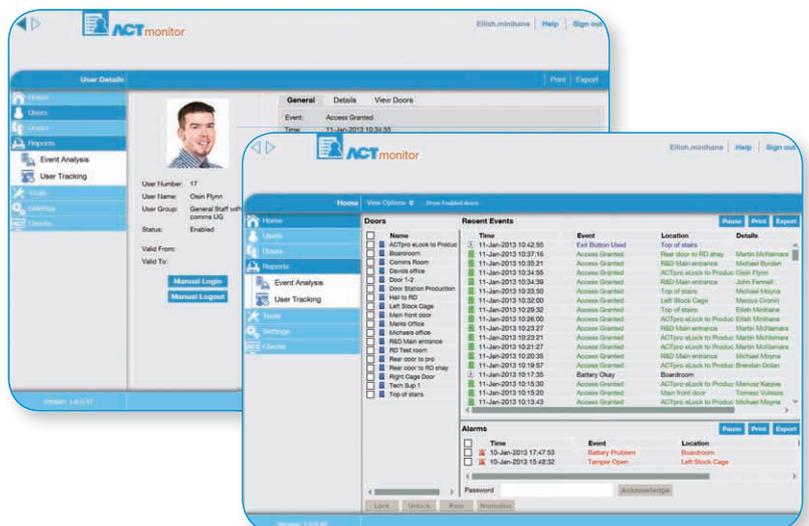

- Intuitive & easy to use software; similar look & feel to a web browser experience.
- Role based software with modules for the Security Guard, Administrator & Installer
- Wizard & quick start buttons for common tasks
- Sitemaps with animated icons for door activity
- Design and Print ID Cards
- System Alarm Acknowledgment
- Activate/deactivate intruder alarm
- Alert notifications including Break Glass, Door Ajar, Door Forced, Supply Voltage and Fire Alarm Activation
- Fire alarm interface including muster reporting on fire event
- Seamless integration with 3rd party software products using the ACT API
- Milestone Integration (additional module)
- Utilises the power & scalability of Microsoft SQL server

ACTpro Enterprise - Manage

ACTpro Enterprise - Install

ACTpro Enterprise - Monitor

Ordering Information

Code	Description
