Bob Grant's "The Woman Men Adore... And Never Want To Leave" program has become a popular best-seller among women looking to finally catch and keep Mr. Right, prompting a review by ConquerHisHeart.com's Sean Roman.

"Bob Grant is known as a real thought leader in the women's dating and relationship field," reports Roman. "We've received numerous inquiries regarding his seminal work The Woman Men Adore, so we decided to review the program for our website visitors to share our opinion of it."

The Woman Men Adore And Never Want To Leave was developed by Bob Grant, a licensed professional counselor to help women who struggle to attract and keep the attractive, attentive, high quality men they want for lasting relationships. In The Woman Men Adore Grant shares what he refers to as "that secret ingredient" some women possess that has men falling all over themselves with desire.

Roman explains The Woman Men Adore's widespread popularity:

"Many women are dismayed by the fact that they seem to attract nothing but losers, while other women who aren't even particularly good looking have no shortage of high quality suitors," says Roman. "In The Woman Men Adore Grant shows what these 'lucky' women do differently and how any woman can use this principle to become that woman and snag their own Mr. Right."

While The Woman Men Adore focuses on becoming irresistibly attractive to quality men, it's is not intended solely for singles. Married women , and those in relationships will gain insights on reigniting the spark, diffusing quarrels, and experiencing deeper intimacy and love with their husbands.

"Uncovering Bob Grant's 'ability to be at ease' principle will assuredly provide many with an enlightening a-ha moment," says Roman. "Embracing that one concept might just prove to be an important turning point for many of his readers"
