**Cincinnati Sub-Zero Product End-of-Life Notifications**

**Cincinnati, OH (PRWeb) January 25, 2013** - After many years of service, Cincinnati Sub-Zero is announcing the official End-of-Life Retirement for each of the products listed below. For your convenience, CSZ has provided the most current version of each replacement product to aid in the conversion to the latest model.

As a customer of Cincinnati Sub-Zero, your facility may have purchased one or more of these products several years ago. Many of these products have not been commercially available for over a decade and will most likely be no longer in service within your hospital.

As you know, Cincinnati Sub-Zero has supported these products for many years; however with the End-of-Life occurring, CSZ will no longer service or support the products, which have reached their End-Of-Life.

For more information on these products, or to speak with a Technical Sales Representative about replacement options, please contact our Medical Customer Service Department at 513-772-8810 or 800-989-7373.

**End-Of-Life Product Description & Replacement**
