"This is the first time I have used SignUpGenius as a creator and I absolutely love it! I am the team mom of the Churchill Varsity Basketball Team and the Basketball Representative for the Freshman, JV and Varsity teams - a lot of players, a lot of parents. What a fantastic, easy way to communicate with all of them when it comes to signing people up for items and hours. I am telling all of my volunteer friends about your web site!"

"This is the best free tool of its kind that I've come across on the internet. It is highly versatile and much more robust than any of the other tools that I have used. I manage groups and projects and this offers the ease of use for "non-technical types"; thus making it a viable substitute for manual spreadsheets loaded from a zillion email responses. A huge timesaver!"
