The Lineman's Spotlight of Choice

Tough and versatile vehicle-mounted spotlight for brilliant work-area illumination

NightRay

Wireless

Hardwired or both.
You choose.

NightRay's unique open yolk design provides a full range of motion in any weather, including: snow, ice, and saltwater.

APPLICATIONS

- Utility maintenance and repair
- Single-man crews
- Construction
- Military/DoD
- Fire/Rescue
- Marine
- Towing

FEATURES

- Various lamp options available for precise nighttime trouble-shooting and wide-area illumination
- Synchronized and encoded remote and receiver provide clear communication
- 370° of motion on horizontal axis and 350° vertical tilt
- Exclusive limited slip clutching system allows for manual adjustment of lamphead
- Buffalo Blizzard Tuff™ extreme weather protection

MADE IN THE USA

NightRay spotlights feature remote control with 370° rotation on horizontal axis and 350° vertical tilt.

KH's Exclusive Buffalo Blizzard Tuff™ weather protection.

KH's Buffalo Blizzard Tuff extreme weather protection prevents damage from extreme weather, including snow, ice, and saltwater
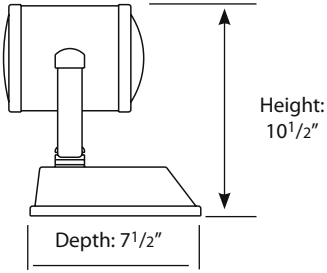

NightRay's motor assemblies, shafts, brackets, and other mechanical components are made from marine quality materials.

The light housing and base are completely enclosed in weather-tight polycarbonate to be virtually unbreakable, yet extremely lightweight.

NightRay Spotlights include a three-year extended warranty.
