

Oil and Gas Enhanced Production Services Industry to 2016 - Enhanced Oil Recovery (EOR) Driving E&P Activity in Depleting Hydrocarbon Reservoirs

Description: GBI Research, a leading business intelligence provider, has released its latest research, "Oil and Gas Enhanced Production Services Industry to 2016 - Enhanced Oil Recovery (EOR) Driving E&P Activity in Depleting Hydrocarbon Reservoirs". The study, which is an offering from the company's Energy Research Group, provides an in-depth analysis of the oil and gas enhanced production services market worldwide and highlights the various concerns, key trends, along with major upstream deals in the upstream exploration and production sector. The report provides forecasts for the oil and gas enhanced production services industry to 2016.

The report also provides segmental forecasts of the oil and gas enhanced production services industry by segment type and mentions the technology overview of each segment. Profiles of major oilfield services companies providing enhanced production services are also provided. The report is built using data and information sourced from proprietary databases, primary and secondary research and in-house analysis by GBI Research's team of industry experts.

Scope

- Overview, significance, and key sub-segments of the global oil and gas enhanced production services industry to 2016, viz. artificial lift services, directional drilling services, coiled tubing services, enhanced oil recovery services, sand control services, solids control services, pressure pumping services, well servicing, logging-while-drilling services, and measurement-while-drilling services
- Analysis of the historical trends and forecasts to 2016 for the global oil and gas enhanced production services sector
- Historical data and segmental forecasts of oil and gas enhanced production services expenditure, by sub-segment, for the period 2000 to 2016, with major trends, and key players at a global level, for every sub-segment
- Major deals (M&As) with regards to the oilfield services industry, for the period 2004 to 2011, by region, and by value
- Provides information on profiles of major oil and gas enhanced production service providers, such as Schlumberger, Halliburton, Baker Hughes, and Weatherford.
- Analysis of major trends for the enhanced production services industry.

Reasons to buy

- Develop an overview of the major business operations with regard to the enhanced production techniques used by the upstream oil and gas industry worldwide, and also get in-depth insights with regard to the activity in terms of the global expenditure by every major enhanced production technique. Information on the major deals in the oilfield service industry and the rationale behind their expected success thereby impacting the enhanced oil and gas production technique.
- Identify key trends and challenges in the global enhanced production services industry, and get updated with a detailed analysis of major happenings in the industry worldwide, for positioning oneself in specific industry areas of the sector.
- Develop business strategies with the help of specific insights on the global enhanced production services industry.

- Increase future revenues and profitability with the help of insights on the expected demand-supply scenario of specific sub-segments of the enhanced production services.
- Identify the key global players for the particular business sub-segment of the enhanced production services industry.
- Benchmark your operations and strategies using key insights from the major current and expected business developments with regards to the enhanced production services industry.

- 1.1 List of Tables
- 1.2 List of Figures
- 2 Oil and Gas Enhanced Production Services Industry to 2016
 - 2.1 Report Guidance
- 3 Oil and Gas Enhanced Production Services Industry to 2016 - Overview
 - 3.1 Market Definitions
 - 3.2 Key Segments of the Oil and Gas Enhanced Production Services Industry
- 4 Oil and Gas Enhanced Production Services Industry - Major Trends
 - 4.1 Initiatives by Governments and Investments by Oilfield Services Companies Will Boost Global Oil and Gas Enhanced Production Activity Worldwide
 - 4.2 Advancements in Design of Sand Control Screens for Effectiveness Would Boost Sand Control Services Activity and Expenditure
 - 4.3 Crude Oil and Natural Gas Demand and Prices Largely Dictate the Enhanced Oil and Gas Production Services Market
 - 4.4 Application of Artificial Lift Technique Is Expected to Enhance Oil Production Considerably from Onshore and Offshore Oil and Gas Reservoirs
 - 4.5 Directional Drilling Services Market Expected to Witness a Boost with Rise in Unconventional Exploration Activity
 - 4.6 Extensive Applications of Enhanced Oil Recovery (EOR) Are Proving to be Major Enhanced Production Technology Applications in Depleting and Ageing Reservoirs
 - 4.7 Technological Advancements Such as Thermoplastic Composite Coiled Tubing (CCT) Are Expected to Create Real-Time Data Acquisition Facility With Regard to Coiled Tubing Applications
 - 4.8 Technological Advancements in Electric Submersible Pumps Would Boost Artificial Lift Applications
 - 4.9 Rapid Increase in Drilling Activity With Regards to Unconventional Exploration Will Continue to Boost the Coiled Tubing Services Industry
 - 4.10 Sand Control Services Are Expected to be Driven by E&P Activity in Mature Oil and Gas Fields
 - 4.11 Aggressive Steps by Malaysian Oil and Gas Industry In the Form of Technological Collaborations Will Boost Investment in the Malaysian Oil and Gas Enhanced Oil Recovery Services Industry
 - 4.12 Improvised Sand Control Technology Is Expected to Better Operational Efficiency and Risk Mitigation Ability of Sand Control Services
 - 4.13 Capital Expenditure for Pressure Pumping Services Expected to As a Result of Increased Pressure Pumping Activity Rise Even as Margins Have Reduced
 - 4.14 Logging-While-Drilling Services are Expected to be Driven by Unconventional Exploration and Directional Drilling Activities in the Near Future
- 5 Global Oil and Gas Enhanced Production Services Industry to 2016
 - 5.1 Global Oil and Gas Enhanced Production Services Industry, Forecasts to 2016
 - 5.2 Global Oil and Gas Enhanced Production Services Industry, Forecasts to 2016, by Segment
 - 5.3 Key Oilfield Services Deals-Upstream Mergers and Acquisitions
 - 5.3.1 Key Upstream Deals-Mergers and Acquisitions, 2004-2011
 - 5.3.2 Major Upstream Deals-Mergers and Acquisitions, 2004-2011, by Region
