ARE YOU READY FOR THE BEST SUMMER EVER?

Thank you for your interest in Camp Yofi*. Selecting a camp is a very important decision, and we want to give you all of the information that will help you in your decision process. This brochure is meant to help guide you in your decision and help you get an idea of who we are, how camp works, and what makes Camp Yofi so special. Because we cannot fit all of the fun and adventure in one brochure, I encourage you to browse our website as well as contact me with any questions you may have.

I hope you will become part of the Camp Yofi experience and I look forward to you joining our Camp Yofi family for another wonderful summer!

CABINS

Our age appropriate programs are designed to provide each camper with the best possible experience. We bunk all of campers by age in gender specific villages. This enables campers to experience new programs and activities as they progress from year to year.

CARMEL Entering 2nd-4th grade

Carmel is designed to incorporate first-time Yofi campers with returning alumni. This program gives campers a wonderful introduction to camp life and our specialty activities.

K'FAR NOAR Entering 5th-6th Grade

K'Far Noar offers campers a perfect combination of both camp and special activities. Campers are placed in small group environments to help them develop interpersonal skills.

CHAVURAH Entering 7th-8th Grade

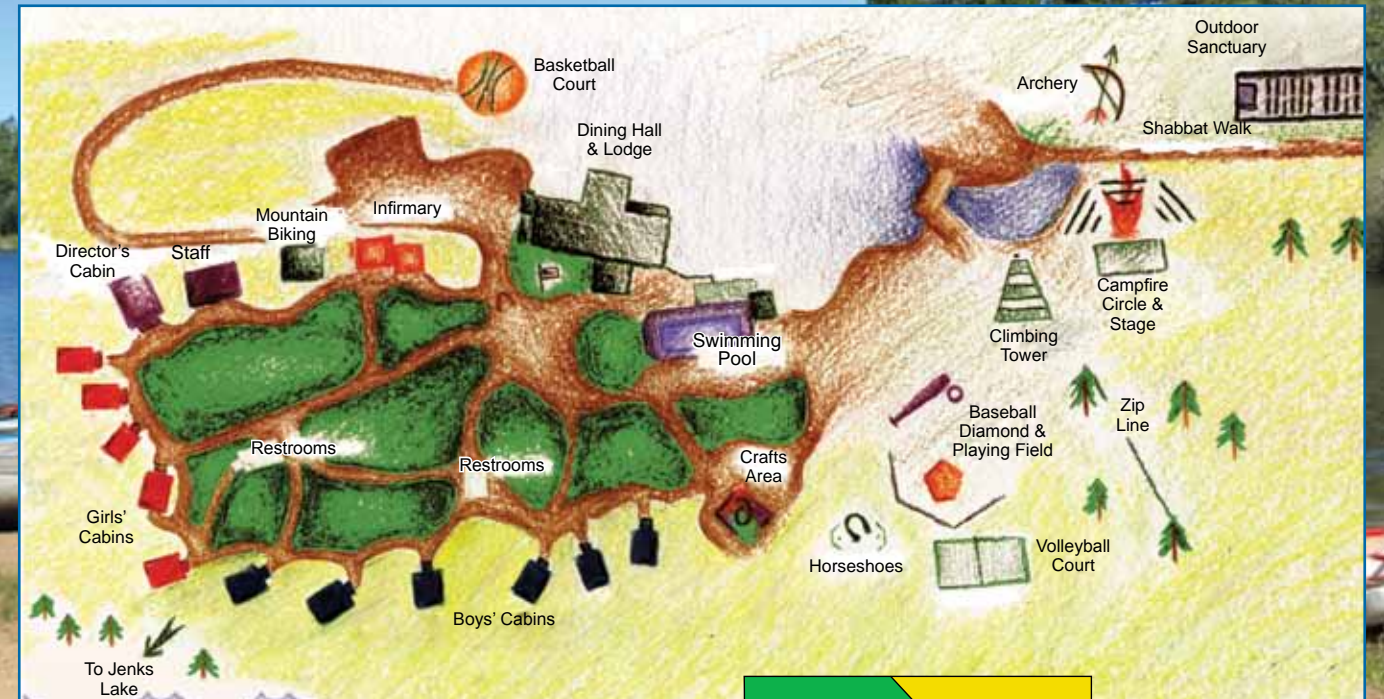

The Chavurah program is designed to promote independence and responsibility through increased individual choice of camp privileges. Days in the Chavurah unit are packed with activities, team building, and a lot of fun.

LEADERSHIP Entering 9th Grade

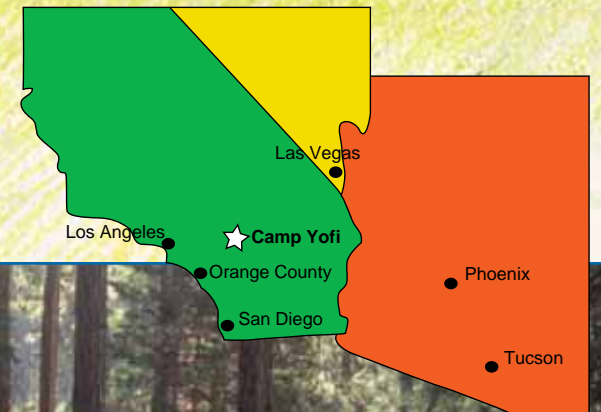

Leadership is geared toward developing leaders through a group oriented community project implemented by the campers and through special programs. The Leadership program is geared to get your camper ready for the CIT program and they will learn skills and work with the CIT staff to get ready for the coming year.

CIT- COUNSELOR IN TRAINING Entering 10th Grade

These future leaders have a lasting effect on Camp Yofi. Workshops in programming, child development and advanced leadership training along with observation, individual supervision, and actual work with younger campers helps the CIT explore the functioning and philosophy of camp and develop his/her own leadership abilities. This is an important step towards future staff positions at camp.

CAMP YOFI
We're in your neighborhood!
