Reduce Liability

Employee Retention

Reduce Accidents
Related Costs

Anti-theft System

Ensure your drivers are in compliance with federal regulation:

No
REACHING
No
HOLDING
No
DIALING
No
TEXTING
No
READING

Software apps and other products don't measure up. If your drivers are reaching for or holding their phone while driving then they are **NOT** in compliance.

Dock-n-Lock® offers the only hardware distracted driving solution that locks the phone away, putting your drivers in **100% compliance**, and **KEEPING** them there.

The **Surge'ON™** Safe Driving System by **Dock-n-Lock®**

- ✓ The driver's phone must be "docked & locked" to start the vehicle.
 - ✓ Compatibility with all phones and vehicle types.
 - ✓ NO Monthly subscriptions or data plans required.
 - ✓ Tamper proof. Cannot be disabled by driver.
- ✓ 100% Compliance for all State and Federal Regulations.
- ✓ Strict Enforcement of your company's mobile usage policy.
