**Game-changing Website, SubOut.com hits 300 Subscribers!**  
*Popularity Represents a Shift in the Transportation Industry Culture*

**(Hyannis, Mass.) March 13, 2013** - Not even six months old, Subout.com has hit the 300<sup>th</sup> member mark, and is rapidly gaining traction in the transportation industry.

The membership-based service offers transportation companies access to a larger, more comprehensive network of contacts for both posting and bidding on jobs, vehicles and parts—moving the charter bus and limousine business forward with an accessible, affordable cloud-based system. Subout.com is ready 24/7 to any web-enabled device, connecting members to a network of thousands and expanding their customer base while increasing revenue.

The activity on Subout.com is booming, with over 8,381 transactions that have already taken place and over one million dollars in transaction value. The news of Subout.com has spread quickly and has generated industry leading customers like US Coachways.

Subout.com makes it easy, fast and affordable for its members to fill routes. The benefits to Subout.com members satisfy a previously unknown gap in the transportation industry. Furthermore, its rapid growth in sign ups is a testament to the shift toward technology that is just beginning in the industry.

Subout.com founder and CEO, Gary Pudles, is very excited about the trajectory and the 300<sup>th</sup> member. He states, “Subout.com has proven to be a game changer for the transportation industry. Our members are quickly seeing the benefit of a one-stop shop for managing their contracts, routes and equipment. We are listening carefully to their needs, and as the site grows and offers increasing value to their membership, the word will continue to spread.”

Subout.com’s 300<sup>th</sup> member is proof that the industry is ready for a change. When Subout.com launched, its core goal was to become the communications hub for the transportation industry. With its rapid growth thus far, this target is within reach.
