

Thermal Carafe Coffee Maker

Every Cup as Good as the First

The perfect sip is a touch away with the stylish stainless-steel Frigidaire Professional™ 10-Cup Thermal Carafe Coffee Maker. Designed to deliver a decadent brew, the durable Thermal Carafe Coffee Maker includes easy-to-use features and boasts a thermal, insulated stainless steel carafe that keeps coffee hot and flavorful.

Features:

- **Powerplus™ Brewing System** delivers maximum flavor by evenly distributing hot water over ground coffee beans so the flavor has time to build and develop.
- **Pro-Select™ LCD Display** is easy-to-read.
- **24-Hour Programmable Start Option** makes coffee brewing a seamless part of any morning routine.
- **Coffee Strength Selector** takes the guesswork out of brewing the perfect cup with settings from regular to strong.
- **Water Filtration System** assures better-tasting coffee cup after cup.
- **Side-View Water Level Indicator** allows easy viewing for simple preparation.
- **Stainless-Steel Thermal Carafe** is durable, insulated and keeps coffee hot and flavorful.
