Introducing Dhana EcoKids: An Eco Brand Celebrating Life for kids age 4-12!

Organic baby clothing is everything parents wish for their children: beautiful to look at, safe for small bodies, and unbelievably soft against the skin. It's a Celebration of a new person in their lives and in their world!

As their infants grow into pretty girls and dashing boys, parents continue to CELEBRATE their spunky personalities, creativity and love for the outdoors. However, we know it's a real challenge to find clothing for older kids that reflects the same qualities parents love for babies.

Fulfilling the need for hip, fun, ethically sourced and eco-friendly clothing for older kids is our joyful offering to kids, parents and planet alike. **Dhana EcoKids™ is everything today's eco-savvy kids and moms are looking for: stylish, safe, and satisfying to the soul.**

If you've been wondering where in the world to look for kids' organic apparel, wonder no more - just turn the page and celebrate!
