The Impact of Long-Term Care

Join Abernethy Laurels and BB&T for a lunch and learn addressing long-term care risks, options and funding. For a long time, the only option consumers had to protect themselves from the potential financial pitfalls of a long-term care situation was long-term care insurance. While this still may be a viable option, there are alternatives available for consideration. Learn the most up-to-date information on long-term care choices, hear the pros and cons, ask questions, and discover what option best fits your situation.

Presented by **Jody Street**, Vice President, BB&T Regional Corporate Banker, **Brad Blackburn**, Vice President, BB&T Director Private Banking, **James Reaves**, Senior Vice President, BB&T Life Insurance, **Troy Updyke**, Regional Marketing Director, Lincoln Financial Distributors

Space is limited. Please register your attendance by April 15 by contacting Rob Hartsell at 828.465.8519 or rhartsell@uchas.org.

Directions: From I-40, take Exit 132 (To Hwy. 16 South towards Conover). Go approximately 5 miles then turn left on to Hwy. 16; Abernethy Laurels approx. 1/2 mile on left.
