APPLICATION FORM FOR DENTCA'S Community Outreach Program:

Delivering Dentures with Dignity

DENTCA understands that some patients who need dentures have financial, physical, or logistical challenges which prevent them from receiving the dentures they need for everyday living. Research has shown that dentures will normally add six years to a patient's life, and significantly enhance the quality of life overall. *To help provide lifestyle improvements for patients who face such challenges, DENTCA is providing complimentary dentures for patients based on their needs and procedural challenges.*

If you have a patient who is facing significant hardships or challenges preventing them from receiving dentures or treatment, please provide a brief description of you patient's needs for us to review. The selection committee will review each application and contact you if your case is chosen for the award. If approved, you will receive a coupon for a free complete denture case for the specific patient, and DENTCA will provide the process and logistics to enable you to deliver final dentures as well as try-ins during the process.

COMPLETE CASE PROFILE and fax to: (323) 232-7504 or e-mail to: info@dentca.com
