## Aïkiou interactive feeder 2.0 datasheet

This is one of the best feeders we've done so far. By building this new bowl, Aïkiou went further than ever in research and development.

After been first released in 2009, the Aïkiou version 2 contains many improvements over the first version. With reversible toecaps, customers can modify the level of pressure needed to propose more challenge to animals and many more features.

- Perfect for:
- Weight control
  - Bloat reduction
  - Pleasure

Specifications	
Material	Polypropylene
H.S. Code	3924.90.00.99
Designed in	Terrebonne, Canada
Made in	China
Food cap.	3 cups / 750 ml

Product dimension (Aïkiou bowl)	
(inches)LXWXH	13.5X15.25X2.75
(cm)LXWXH	34.3X38.75X7
Weight	2 lb      0.91Kg

Product dimension (Aïkiou box)	
(inches)LXWXH	13.5X15.25X2.75
(cm)LXWXH	34.3X38.75X7
Weight	2 lb      0.91 Kg

Product dimension (Aïkiou master case)	
Quantity	6 per master case
(inches)LXWXH	17.75X16X14.5
(cm)LXWXH	45X40.7X36.8
Weight	14 lb      6.3 Kg

Product dimension (Palette)	
Quantity	180
(inches)LXWXH	48X36X78
(cm)LXWXH	123X91.5X198
Weight	420 lb      189 Kg
Qty per row	6 master case
Number of row	5

Quantity per 20 foot container	
Units	2772
Master case	462
Weight	6486 lb      2910.6 Kg

Quantity per 40 foot container	
Units	5634
Master case	939
Weight	13 146 lb      5 915.7 Kg

Quantity per 40 HQ foot container	
Units	6372
Master case	1062
Weight	14 868 lb      6 690.6 Kg

# SIZING AND DIMENSION

## BECAUSE EVERY DETAIL COUNTS

With this new generation, we thought about every detail. Beginning with a new packaging, every available information can be found on the box. Also, new dimensions optimise every aspect of the product. From shelf to pallet, we thought about dimension and transport to make it easier and more efficient for you so you can concentrate on what's important, selling and making money.

WE LOVE OPTIMISATION AND DETAILS
