

Mixed Roots Foundation Program Goals

Making a Difference • Leaving a Legacy • Inspiring Future Generations

Help us establish the *Adoptee Mentor Program (AMP)*, so that we can inspire the next generation of adoptees by matching 50 positive adult adoptee role models with 50 adopted or foster care youth. AMP will not only offer one-to-one mentoring, but will serve as a national model for other mentoring programs and will provide unique life long education and career opportunities that will empower them to become the next generation of business and social entrepreneurs

Help us officially launch the *Global Adoptee Genealogy Project (GAGP)*, so that we can provide 1,000 free DNA testing kits and serve as the leading one stop resource that will leverage cutting edge science, education and technology in assisting adoptees and their families discover their biological and cultural roots through DNA testing and the establishment of the first ever Search Angel Network
