

VICTOR®

ASSEMBLED IN THE U.S.A.

Since 1918, Victor Technology has been the innovation leader among calculator makers and is proud to be an American owned and operated manufacturer of calculators and desktop accessories.

During World War II, Victor manufactured the Norden Bombsight. This was a revolutionary piece of technology that allowed pilots to drop bombs with greater precision and accuracy, thus minimizing civilian casualties. Victor made additional contributions to the war effort, manufacturing an aircraft compass and a B-24 bomber turret gunsight.

Today, Victor is proud to offer Model 1776: the only calculator assembled in America and the only TAA compliant Ribbon Printing Calculator.

Extra Heavy Duty Commercial Printing Calculator

12 digit calculator is perfect for the everyday or moderate user, especially in a busy office setting. Features an extra large fluorescent display for easy viewing. You can count on the fast and reliable 4.6 lines-per-second ribbon printer. Assembled in the United States. Cost/sell/margin keys make for quick and easy profit margin calculations. Also includes two independent tax keys.
