

Get ready to revolutionise the way you store and style your clip-in hair extensions!

!!!! Exciting new beauty innovation !!!!

Big hair is big at the moment, and so hair extensions are a big business too! And with the world of celebrity becoming more attainable for the girl next door, the market for clip-in extensions is booming ...

The problem: **until now** there is no way to store them, so many girls like myself end up with tangled, matted extensions ... Which isn't a good look!

Another frustration is trying to style them... you either have to struggle on your own or find a willing volunteer to stand and hold them for you.

The solution however is a brand new, funky, first of its kind innovation that allows the user to style their extensions hands free, and stores nearly a metre's worth of hair tangle free. This is the perfect solution to a simple problem that any user of clip-in extensions will have experienced.

So I would like to introduce you to HairHangerz...

HairHangerz look great and they're functional too! They allow you to store nearly a metre's worth of hair (in varying weft widths) Your extensions will hang neatly and tangle free in between use.

When you need to dry or style them your HairHanger will 'stick' firmly into place so that you have both hands free to style as you would your own hair.

HairHangerz comes with a handy cover to allow you to transport with ease. So if you are going away on holiday, or taking them to the hairdresser you have a convenient way to carry them, and as they are zipped safely inside a cover they won't get damaged, wet or blown around.

The benefits of HairHangerz

Keep your extensions in one place tangle free and stop hair tangling and getting matted. Maintaining their condition for longer.

Allows you to dry and style them using both hands instead of getting someone else to hold them or struggling with them yourself.

Drying time reduced, styling quicker and easier.

Easily transportable ... Take to a friend's ready for a night out, away for the weekend or on holiday.

Handy cover keeps them in style, prevents them getting damaged, wet or blown around.

Appeals to the girl next door, or to stylists. Take pre-styled hair to a shoot and save time on set!

HairHangerz Ltd., 30 Lark Rise, Chalford, Stroud, Gloucestershire, GL6 8FF, United Kingdom
