We take care of every detail and provide all the services you require from any point in the world to every zip code in the U.S.

From your suppliers overseas to final delivery to your U.S. customers, Associated Global Systems will handle every detail, give you total web control and save you money every step of the way!

## Receive These 10 Benefits When You Use AGS Import Advantage.

- 1 The **most economical rates** for service by land, air and sea from any origin in over 196 countries to any U.S. or Canadian destination.
- 2 Our **easy-to-use web-based freight management system** gives you real-time control, with your own personal web site. Track your imports online and review numerous reports to help you manage the process.
- 3 Our **local representatives visit your overseas suppliers** to insure all packing, document and other requirements are in order and will keep you advised of the status of pending shipments. AGS also coordinates/assembles shipments from various suppliers in the same region providing improved control while reducing cost.
- 4 Receive **exact, detailed information** from the overseas origin port or airport. AGS verifies container numbers and exact loading and sailing times for ocean freight, and departing flights for air shipments keeping you advised via our web site or e-mail.
- 5 A **customized schedule** of ocean sailings for both your LCL and FCL shipments is updated monthly. Plus, you get an exact flight schedule for your air shipments from any overseas origin.
- 6 **Stop worrying about customs delays**, use AGS Customs Brokerage service for fast, trouble-free clearance at any entry point in the U.S. We obtain pre-clearance release that will expedite customs clearance.
- 7 Utilize our complete U.S. distribution **after-customs clearance service**, for a fast, cost-effective, door-to-door delivery system - direct to your U.S. customers. Utilize any of our 110 U.S. facilities to warehouse, reconfigure, and distribute your products.
- 8 In partnership with you, we develop a **step-by-step standard operating procedure** specifically customized for your company.
- 9 Receive a **complete proprietary inventory software package** that assists you in controlling product and parts inventory with a full freight management system.
- 10 AGS assigns you a **personal logistics specialist** who has full knowledge of all current import/export procedures and regulations. They're ready and waiting to assist you at our 24 / 7 call center.
