The buncee digital canvas...

On buncee.com you start with a blank digital canvas where you can easily add and arrange photos, videos, text, links and much more. There are hundreds of design elements to choose from or you can click the social icons on the creation page to add content from YouTube, SoundCloud, Flickr, Web, or Instagram!

Once you're done, easily share your buncee with your customers, followers, or fans via email or social media with just a few clicks.

Create it once, share it anywhere!

Make a buncee, and instantly share it across your favorite social networks including Facebook, Twitter, Pinterest, via email, or save it as a .jpg and use it anywhere online. It's easy, saving you tons of time!

buncee gives back:

It is the hope of the creators of buncee that by building an easy platform for users to enjoy a fun and interactive way to create and share their business stories, lesson plans, memories, interests, causes, greetings, and more, buncee will be used by millions and in turn help generate proceeds to raise awareness and funding to find the cure for DBA.
