

Introducing Our Brand New Sachet Filling Facility

✓ Competitive rates ✓ Rapid turnaround ✓ Liquids, powders, creams & gels ✓ Long & short runs

Multi Size

We can fill powders from 0 - 100g
or for liquids and creams, from
0 - 100ml

Rapid Turnaround

We can fill 20-60 sachets per
minute, that's up to 27,000 sachets
per day

Any Material

We can handle any non-food
liquid, cream, gel or powder
compatible with stainless steel

Any Quantity

We can produce runs of 100 to
1,000,000 sachets and beyond

Multi Dimension

Our facility is compatible with 3
sachet widths: 30, 50 and 100mm
and lengths from 30-150mm

Printing Built-in

We can print single colour coding
onto each sachet as it is filled or
run pre-printed sachets

Free Technical Support

We offer free technical support as
standard to all customers

Amazing Value

We're offering sachet filling
services at incredibly competitive
rates

"We always listen to our customers' feedback and we try to respond to them as much as possible. We've invested heavily in the new facility so we can meet our customers' requirements."

- Richard Hudson, Managing Director
