Planning for your secure pipe bollard project is easy with Reliance Foundry

- Steel pipe bollards are available in 7 foot lengths. Can be cut to custom lengths for volume orders.
- All pipe bollards are produced from schedule 40 ASTM 500 B structural grade steel. Other pipe sizes (schedule 10, 20, etc.) are also available; our sales department is available to discuss your specific requirements
- All steel pipe bollards are delivered prime painted, and can usually ship within 1 week.

Quantity	I.D. (Inside Diameter)	Schedule	Wall Thickness	O.D. (Outside Diameter)	Length
	4"	40 (1/4")	0.237"	4-1/2"	7 feet
	6"	40 (1/4")	0.280"	6-5/8"	7 feet
	8"	40 (1/4")	0.322"	8-5/8"	7 feet
	10"	40 (1/4")	0.365"	10-3/4"	7 feet

Galvanizing is available **at an additional cost** for high volume orders; these will generally take 2-3 weeks to be available for shipping. Do you require galvanized coating? **YES / NO**

Do you have the ability to unload large pcs. with large weights at this site? **YES / NO**
