## CINTEP Offers 10% Discount Vouchers and 2 FREE Recycling Shower Systems at Grand Designs Live

Multi-award winning company CINTEP will be exhibiting at Grand Designs Live with their revolutionary Recycling Shower. The most efficient shower systems in the world, CINTEP's Recycling Showers use 70% less water and 70% less energy than conventional showers without reducing flow rate at the shower head, water pressure, water temperature or time spent in the shower.

Now CINTEP has announced that it will be **giving away two FREE Recycling Shower Systems** between 4<sup>th</sup> and 12<sup>th</sup> May 2013 at Grand Designs Live. For a chance to win, entrants simply need to register their interest at [www.RecyclingShower.co.uk](http://www.RecyclingShower.co.uk). In addition, **everyone who registers will be awarded a 10% discount voucher** for a Shower System.

CINTEP is targeting mid 2014 for the release of the first showers and those who register during the show will be amongst the first who will be able to purchase them.

Grand Designs Live, the UK's leading contemporary home show, will open its doors from **4th - 12th May 2013 at ExCeL London**. Based on the Channel 4 TV series, and presented by design guru Kevin McCloud, the event will be packed with over 500 exhibitors, across seven different sections, covering interiors, gardens, home improvement, self-build, renovations, technology and shopping.

Visit CINTEP in the **Eco-Tech House in Grand Technology at Stand L70**.

**GRAND DESIGNS  
LIVE LONDON**  
Excel • 4 - 12 May 2013

**WIN a FREE Shower at  
Grand Designs Live UK**
