Residence Inn San Juan Capistrano Now First California Site With Nissan Leaf Rapid Charger

Guests of the San Juan Capistrano hotel can recharge themselves in style overnight while their Leaf is ready in one hour

San Juan Capistrano, CA - Travelers who want to recharge themselves and their Nissan Leafs can take advantage of a new feature at the [Residence Inn San Juan Capistrano](#).

The hotel is helping the environment with a California first by offering the Nissan Leaf Rapid Charger. The Rapid Charger is the first publicly available one of its kind in the state, so now visitors to the area can relax knowing they and their car will be fully fueled and ready for the next road trip.

As one of the premier hotels in San Juan Capistrano, the Residence Inn is the convenient halfway point between San Diego and Los Angeles. Without charging, most electric vehicles wouldn't be able to make the entire trip. The Rapid Charger, however, takes only 60 minutes to fully charge the Leaf, so guests can be on their way in no time.

One benefit of having the Nissan Leaf Rapid Charger at the hotel is guests can also use the Nissan Leaf smartphone app to see when their car is fully charged and ready to be picked up - after breakfast or a quick workout in the fitness room.

The hotel has 130 spacious [suites](#) which feature flat-screen TVs, pillow-top mattresses and comfortable work spaces. The fully equipped kitchens offer granite countertops and convenient appliances plus complimentary grocery delivery for longer stays. Suites also have separate living and sleeping areas.

Guests can enjoy complimentary hot breakfasts, evening social hours during the week and free high-speed Internet access throughout the hotel. The free breakfasts include many options, including buffet selections, full American fare and grab-and-go items for travelers in a hurry. Beer and wine are complimentary during the evening social hour, as are other food and beverage items.

For visitors looking to stretch their muscles, the fitness center offers free weights and several exercise machines. The heated outdoor pool is perfect for workouts or just spending some time in the sun.

The Residence Inn is one of the premier San Juan Capistrano hotels, offering easy access to downtown, the Mission San Juan Capistrano, Camino Real Playhouse, Doheny Beach and other attractions. The mission is a great stop for families or history buffs. The landmark and museum is more than 200 years old and was originally built by Spanish Padres and Native Americans.

A free shuttle service takes guests wherever they wish to go within 5 miles of the hotel, including the mission.

For business travelers, the hotel offers a wide variety of services including copy service and overnight delivery and package pickup. The hotel has two meeting rooms and 1,535 square feet of event space, with a maximum capacity of 120 people in the Doheny Room.

About the Residence Inn San Juan Capistrano

The Residence San Juan Capistrano offers 130 suites on three floors. Each suite has a full kitchen and separate living and sleeping quarters. High-speed Internet access and breakfast are complimentary, as is a shuttle to nearby attractions. The first public Nissan Leaf Rapid Charger in California allows hotel guests to charge their vehicle in as little as an hour. For information, visit www.marriott.com/SNASJ.
