

NEW HAIRPIN LEGS MAKE RETRO FURNITURE EASY

Rockler Adds Retro Hairpin-style Legs to I-Semble DIY Furniture Line

MEDINA, MN (May 8, 2013) - Rockler Woodworking and Hardware has added Hairpin Legs to its I-Semble line of do-it-yourself furniture components. I-Semble Hairpin Legs are easy to install and can instantly bring a retro, mid-century look to transform boards, planks, stumps, and slabs into stylish, decorative fixtures. I-Semble Hairpin Legs are available in 28", 16", and 6" lengths enabling DIYers to achieve various heights when coupled with their selected building materials.

"Two things people love about I-Semble Hairpin Legs – they deliver retro mid-century style, which is a popular decor choice, and they also make the assembly process incredibly easy and fast," says Scott Ekman, Vice President of the Marketing Department. "The Hairpin Legs are easy to incorporate into a variety of fixtures and are great for repurposing old wood planks, tabletops, or materials people have sitting around the house or in the garage."

The I-Semble Hairpin Legs feature steel construction with a satin black finish which blends easily with most home decor themes but are also paintable if a project calls for a look other than black. They install quickly and easily – users simply provide and install the appropriate screws (not included) to attach the legs to their projects. They are recommended for use in building occasional tables and other light duty fixtures, but not for chairs, dining tables, or other furniture bearing a heavy load.

The I-Semble Hairpin Legs are sold in sets of four and are available in three lengths – 28", 16", and 6". The 28" I-Semble Hairpin Legs (46349) retail for \$99.99 per set, the 16" I-Semble Hairpin Legs (48254) retail for \$79.99 per set, and the 6" I-Semble Hairpin Legs (46459) retail for \$69.99. All sizes can be purchased at Rockler Woodworking and Hardware stores nationwide, Rockler independent resellers, Rockler.com, or from the Rockler catalog.
