Capital Edge Consulting is proud to support the Warrior Foundation and Freedom Station with the Capital Edge Charity Classic Monday, September 16th | 1:00 PM

The Warrior Foundation

The goal of the Warrior Foundation is to assist, honor and support the military men and women/service members/personnel who have so bravely served and sacrificed for our country. They further vow to help the seriously injured who are assigned to Naval Regional Medical Center, Camp Pendleton Naval Hospital, 29 Palms and Fort Irwin as well as those who are going through rehabilitation in the San Diego area. Since being formed live on air at 760AM KFMB Radio, and in partnership with the San Diego Navy League Council, which gives them status as a 501c3 Foundation, they have been able to help our warriors both financially and with gifts in kind. The Warrior Foundation has taken on a life of its own. They offer a very direct avenue for patriotic citizens to help assist those who are fighting the war against terrorism. They have FOUR GROUPS of Warriors which the Foundation will now, with your generous support, be able to continue helping.

Home for Heroes!

One of the four areas of support with the Warrior Foundation includes those Warriors who have been medically retired and remain in the community. Keeping these great citizens in the San Diego area where they can continue to help them as they transition back into civilian life is a goal. Freedom Station—a support center to assist with the transition back into civilian life had its grand opening on May 27th, 2011. The Capital Edge Charity Classic goal is to directly contribute to efforts in support of Freedom Station. Freedom Station will be the leader in providing temporary lodging facilities, as well as educational and career guidance to our Nation's injured and disabled military heroes who are medically retired or discharged. They will aid them as they begin the transition from defenders of freedom to productive members of America's civilian work force.
