

SAF-T CONFERENCE

In cooperation with the

SAIA SCAFFOLD & ACCESS
INDUSTRY ASSOCIATION

***Maximum Capacity Media announces
the live Safe Access, Fall Protection &
Training (SAF-T) Conference.***

**The one-day SAF-T Conference is scheduled
for July 24, 2013, immediately following
the SAIA 2013 Annual Convention at
the Renaissance Nashville Hotel in the
heart of downtown Music City.**

The mission of the SAF-T Conference is to promote the safe use of powered access equipment to owners and end-users through discussions stemming from age-old issues to current events. Discussions at the inaugural event will include:

- Safety through Innovation and Technology
- What is the Impact of the Fall Prevention Campaign?
- Online Training Evolution, Opportunities, and Concerns, Plus Familiarization: Is it Making Things Safer or Just Reducing Service Calls?
- Working at Height: A Contractor's Perspective
- Near-Miss Reporting: The Missing Link of the Safety Culture Revolution
- Safe Movement of Equipment on Jobsites

Presenters include:

Jim Dorris, CSP, Vice President - Health Safety, Environment & Sustainability, United Rentals

Brad Boehler, President, Skyjack

Mike Williamsen, PhD., CSP, Senior Safety Consultant, Caterpillar Safety Services

William Cochran, Area Director, OSHA

Jeff Stachowiak, National Safety Training Director, Sunbelt Rentals
