

NYSATA member Christine Scuderi, ATC, had a recent experience with the Ronald McDonald House in Syracuse, and has nothing but praises for the organization that helped her and her family through a difficult time. “Emma Elizabeth was born on February 26<sup>th</sup> at 12:15pm at 3lbs - 10 weeks premature. She earned her wings on an emergency helicopter ride from our small Northern New York town to the hospital in Syracuse. Emma spent a total of 35 days in the NICU with mom (and dad) right by her side. That would not have been possible without the help of the Ronald McDonald House of Central New York. It was a charity that I had heard of numerous times but until having to experience it first-hand had no idea of the impact it would have on me and my family. I am and will be forever be grateful.”

## The Chautauqua Golf Club

For well over 100 years, golf has been a part of the Chautauqua experience. Legendary architects Seymour Dunn and Donald Ross have left their legacy here. Hall of Famers from Ben Hogan to Sam Snead have walked these fairways. Statesmen, celebrities, and performers attending the world-renowned Chautauqua Institution have eagerly challenged our courses as well, including former President Bill Clinton.

The attraction to Chautauqua remains the same today as it has been throughout the years – a golf experience built on service and quality; a golf experience designed for challenge and the enjoyment of this great game; a golf experience mindful of the importance of environmental stewardship; and, with *two* four-star rated courses, a golf experience that offers real choice and variety.
