## ENHANCING THE RELATIONSHIPS OF AUTHORS, PUBLISHERS & AGENTS

The Author Portal is here! Any author can now have easy access to their title performance and a central location to store their contracts and manuscripts.

Publishers can easily share this information with their authors, improving relationships while reducing costs and effort. Agents get the best of both worlds, interacting with both their publishers and their authors.

### AUTHORS

#### Convenience

Access to your sales performance

Central repository to store and share  
your publishing documents:

Contracts / Royalty Statements / Artwork / Manuscripts

Fastest access to royalty statements

#### Peace of Mind

Documents in one central repository

Automated regular backups

### PUBLISHERS

Save Time and Money

Enhance Author Relationships

Operational Efficiency

Central repository with backups

Share documents internally by  
author / contract / book

Enhance Your Brand as an  
Author-Centric Publishing House

### AGENTS

#### Convenience

Access to your sales performance

Central repository to store and share  
your publishing documents:

Contracts / Royalty Statements / Artwork / Manuscripts

Fastest access to royalty statements

#### Operational Efficiency and Lower Costs

Central repository with backups

Share documents internally by author/contract/book
