Who we are...

North American Professional Liability Insurance Agency, LLC (NAPLIA) is a **boutique** agency that specializes in providing Professional Liability (Errors & Omissions) insurance and related products. Established in 1998, NAPLIA is licensed nationally and is one of the largest independent agencies servicing the Accounting and Financial Industries.

Bou-tique / booteek / n. from the French word for "shop" is a small shopping outlet, especially one that specializes in elite and fashionable items.

Knowledge you can depend on, Integrity you can trust !

NAPLIA has been recognized nationally by the **INC 5000**, *fastest growing private companies in America*, annually since 2008. This is an achievement unsurpassed by any other insurance agency. In addition, we are proud members of the Professional Liability Underwriting Society (PLUS), the Better Business Bureau, and hold the highest rating from Dun & Bradstreet for companies our size.

What makes NAPLIA different ?

In addition to NAPLIA's experience and national recognition, what really sets us apart from other agents is our commitment to our clients. Our philosophy is based on:

- **Choice**

Our direct relationships with leading insurance companies provide us the ability to "shop" your coverage and provide you a selection of premium and coverage options.

- **Education & Resources**

NAPLIA provides extensive White Papers, Articles, Sample Contracts, and other information to assist you with:

1. Understanding your exposures
2. Risk Management and the development of your practice

The power of relationships

Not all agents are created equal. Other agents may simply forward your application to an Insurance Carrier. At NAPLIA, we are not "paper pushers". **We have long-standing, personal relationships with each of our underwriters.** Only after thorough review, do we present your application in a professional proposal outlining the specifics of your firm. This approach ensures that your firm receives the best terms.
