SPOT AND TRACK

All living objects are spotted and tracked automatically with the ST feature. Nothing hides from the T14x.

HANDHELD SCOPE WITH THERMAL VIDEO RECORDING
LTRS - LIGHT THERMAL RIFLE SCOPE DESIGNATION

SD CARD COMPATIBLE

LOW COST HIGH PERFORMANCE IMAGING SYSTEMS

The SPOTTER-T14X is the ideal tool to put in your hunting, camping or preparedness pack. This compact thermal imager gives you advanced features that can save your life. Now there is a handheld thermal scope that can be mounted to your rifle. Advanced color

imaging with living target detection and tracking will keep you safe in wild environments. A multi-purpose tool that can serve as a thermal spotter and be used as a thermal rifle scope is a great idea. The low cost makes it a NO-BRAINER.
