Sage CRM Supplement (Add 1-Page Supplement)	$ 150	$ 60

NOTES:

Why Does Sage 100 ERP have separate pricing? Our Sage 100 ERP newsletter is published **bi-monthly** (**every other month**) which means that an annual subscription includes **6 issues**. All others (Sage 300, 500, X3, HRMS, and Fund Accounting) are published quarterly which includes 4 annual issues.

Can I purchase a QUARTERLY Sage 100 ERP newsletter subscription? **Yes**. We'll provide you with 4 out of the 6 issues we publish during the year. You choose which 4 you'd like.

What do I get with each newsletter? Not only will you receive formatted PDF and HTML (email) files that are personalized with your company logo and colors, you'll also get the content in a Word document so you can post the articles on your blog or simply use our articles in **your** in-house newsletter format/layout.

Can we personalize the newsletters? **Yes**. We add your contact information, company logo, and company color scheme to the PDF and Email files. And if you want to provide a personal announcement (user group meeting, new employee, etc), we'll include it in the newsletter as well (**Note:** you provide the additional content, up to 100 words).
