Greek Press & Communication Office, permanent mission of Greece to the UN, will host a press conference to premier Thomas Bähler's new illustrated novel, telling the story of Æsop.

Thomas Bähler, the man behind the music of the stars, including Michael Jackson, Josh Groban, Willie Nelson, Cher, The London Symphony Orchestra, Arturo Sandoval & Patti LaBelle (to name a

few) invites you to the premier of the new illustrated edition of his timeless book *Anything is Possible*.

Bähler has crafted a poignant, joyous, simply stated yet deeply profound novel about the life of Æsop, a man who lived 2,600 years ago and is still changing lives by being quoted over 1 million times each day around the world.

Bähler believes the key is in those who see the world through their imagination and want to create the future. Bähler is clearly shaping the future by inspiring millions to ignite their imagination while awakening their belief in unlimited possibilities.
