**LELAND BABITCH, MD, MBA JOINS CLINOVATIONS AS SENIOR MEDICAL DIRECTOR**

WASHINGTON, DC: Clinovations, LLC welcomes Dr. Leland Babitch to the firm as Senior Medical Director.

“Leland’s experience and knowledge will perfectly complement the firm’s rapidly growing provider portfolio,” said Dr. Trenor Williams, CEO of Clinovations. “With his impressive career in clinical leadership and understanding of healthcare informatics and operations he will provide valuable insight for our clients and partners.”

Dr. Babitch will work side-by-side with Clinovations leadership to assist hospitals and health systems in their Electronic Health Records Implementation and Optimization. With more than 17 years in healthcare, he also brings demonstrated expertise in hospital governance and analytics. Prior to joining Clinovations, Dr. Babitch served as the Chief Medical Information Officer at the Detroit Medical Center where he oversaw the Electronic Medical Records activities for their 8-hospital system. His guidance and leadership also contributed to the system’s success in reaching HIMSS Stage 6, as well as Meaningful Use Stage 1 for all eligible acute care sites.

Dr. Babitch obtained his undergraduate training in Genetics and Developmental Biology from Northwestern University, his Medical Degree from Wayne State, and an MBA from Michigan State University. He completed his residency in Pediatrics at Washington University and St. Louis Children’s Hospital, and remains an Assistant Professor at the Wayne State University School of Medicine.

***About Clinovations***

*Clinovations is a leading healthcare consulting firm offering strategic, clinical, and health IT advisory and management consulting services with the goal of creating innovative solutions to improve the efficiency, effectiveness, and quality of healthcare for patients. More than half of our extraordinary team consists of physicians and nurses; the remainder is made up of technology leaders, business executives, management consultants, and public policy experts. We are dedicated to helping lead organizations in achieving their financial, operational, and clinical objectives.*
