

# SMALL BUSINESS SPOTLIGHT AWARD

## HONORING SMALL BUSINESS

### The Bedrock of Our National Economy

Small businesses are the bedrock of our economy. They stimulate growth, create jobs and serve vital needs within their communities. They're also managed by some very special people who are willing to take risks and face trying times. In support of National Small Business Week, the National Association of Small Business Professionals wants to celebrate an often overlooked segment within the small business community: smaller start-ups and the small business owners who run them.

## AN INVITATION TO SHINE

Does your small business start-up **stand out** by serving its community of customers with the highest level of professionalism and integrity? If so, the National Association of Small Business Professionals wants to showcase your business in the national spotlight. Get the recognition and exposure your small business deserves while gaining the respect of your peers and community! We invite you to apply now to be honored with the distinction of the **NASBP's Above & Beyond Customer Service Excellence Award**.

## APPLICANTS MUST MEET THE FOLLOWING CRITERIA:

- Your business must be located and headquartered in the United States of America.
- You must be a member in good standing of the National Association of Small Business Professionals.
- You must be the primary business owner or a majority shareholder and a legal resident of the USA.
- Your business must be in operation for at least 12 months, but not more than 5 years.
- Only businesses with 20 or fewer paid employees are eligible to apply.
