“Winners Don’t Quit is a tremendously motivating work. I couldn’t put it down. The more I read, the more my 'can-do' attitude was strengthened. This book is great for anyone who has hurdles yet has goals that will not be denied. Get it. You'll read it over and over.” – A. Bostick

“This book is a must read for all ages and not just women. It will help both parents and children to figure out some challenges in life. Some of these challenges come our way unexpectedly but Dr. Bush shows what being determined can accomplish.” –A. Shirley

“In a day and age when role-models are typically not worthy of the title, Dr. McCauley Bush is a breath of fresh air. Her central message of believing in your dreams and not quitting is an important one, particularly in this day and age.”- I. Wilder

“If you enjoyed [The Power of Positive Thinking](#) then you'll love Winners Don't Quit. The book was difficult to put down and even more difficult to forget.”  
- C. Fair-Wright
