## WEBSITE DESIGN AND SEO COMPANY RELOCATES TO COLLEGE STATION

College Station, TX, June 13, 2013— AgniTEK, a nationally-recognized company for their expertise in helping organizations use technology to improve businesses, recently announced the move from their office in Bryan, TX into their new office in central College Station, TX. This move happened after the technology consulting company sold their IT Managed Services portion of the company to McLane Intelligent Solutions. McLane will continue their operations in AgniTEK’s former location in Bryan.

In April of 2013, AgniTEK moved from Downtown Bryan to a newly remodeled office space located at 424 Tarrow Street in College Station. This location will more provide more workspace for the associates at AgniTEK to better serve their client’s needs. The business mailing address has also changed to 1511 Texas Avenue South, No. 175, College Station, 77840

Since AgniTEK started out as CW Computer Services in 1995, company growth has caused multiple office moves. The first location that hosted <http://www.agnitek.com> [AgniTEK \_\_title\_\_ AgniTEK] happened to be about a half mile from their new location on Tarrow Street. President, David Ohendalski commented on how it was ironic that they had ended up so close to where they started out. “We’ve been blessed to be able to serve clients, both in Bryan and College Station, as well as nation-wide. And now we end up so close to where it all kicked off in our first commercial location 14 years ago. While we cherished our Downtown Bryan building, the move to this great new space will allow us the space we need to let our web group better focus on our client’s needs.”

In the new office location, AgniTEK associates will continue to work with clients to identify company objectives, research relevant <http://www.agnitek.com/webservices/searchengineoptimization> [website development and search engine optimization (SEO) \_\_title\_\_ website development and search engine optimization (SEO)] options and provide recommendations that align business technology with their business goals. With expertise in multiple website content management systems, AgniTEK is able to provide end to end website services to its clients. AgniTEK possesses strong and consistent growth and has emerged as a leading provider of technology services to small and medium sized business and non-profit organizations throughout the state of Texas. The company is excited and plans to continue this growth from their new location.

AgniTEK is a full service <http://www.agnitek.com/webservices/application&databasedevelopment> [website and software solutions \_\_title\_\_ website and software solutions] company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
