Dietary supplement.

# Experience the most powerful one a day hair, skin, and nail formula!

“Since I’ve added Bonita V to my diet, I have experienced noticeable results not only in the mirror, but from all the positive complements I’m getting from friends I haven’t seen in months.”

- Amy C.  
Ft. Collins, CO

## Results Start Now!

Tremendous results have been achieved for those who have used Bonita Hair Skin & Nails! Consumers have shared their stories of regrown hair, strengthened nails, and rejuvenated skin in a matter of weeks. For those with greater problems in those areas, we’ve made a new accelerated breakthrough with Bonita V! We took Bonita and added a proprietary blend of proven ingredients known as Revytalyz 5. Bonita V now delivers the most powerful one a day hair, skin, and nail formula, with over a thousand milligrams of active ingredient in a single Rapid Response Tablet!

## The Revytalyz 5™ Advantage

Revytalyz 5 is a proprietary blend of key ingredients shown to stimulate the highest levels of hair, skin, and nail growth. The main function of the blend is to replenish the hyaluronic acid and collagen located in the deep dermal layer of your skin. The blend also helps to prevent grey hair, heal your skin, and to slow the natural destruction of collagen that comes with aging.

Slows the Natural Collagen Destruction Process in Skin Aging

Accelerates the Positive Results in the Original Bonita Blend

The Most Complete & Advanced Bio Availability

Featuring  
**Revytalyz 5**

## Ingredient Breakdown

**Vitamin A** - Essential for healthy skin and immune function.

**Vitamin C** - Also called ascorbic acid, helps to maintain healthy collagen in the skin, repair damaged tissue, promote healthy teeth and bones, and boost the immune system.

**Riboflavin** - Riboflavin is vital for normal development of body tissues including the skin, eyes, connective tissue, mucous membranes and immune and nervous systems.

**Niacin** - Niacin supports normal central nervous system function and is important to the health of the skin and helps maintain normal digestive tract function.

**B6** - Skin blemishes are typically caused by a hormone imbalance, which vitamin B6 helps to regulate. Women on hormone-replacement therapy or birth control pills often complain of depression and are frequently deficient in vitamin B6. Supplementation improves these cases, too.

**Folic Acid** - Lack of folic acid may cause hair loss that ranges from simple hair thinning to patchy hair loss or even to total baldness.

**B12** - Helps with premature grey hair and promotes proper nervous system function.

**Pantothenic Acid** - Helps treat skin conditions like acne and rosacea, and helps promote growth of cells in the hair, skin and nails.

**MSM** - Promotes healthy hair growth.

**DMAE** - DMAE promotes healthy skin, by stopping the internal process of arachidonic acid from being produced. Arachidonic acid is a substance that can lead to wrinkles and aging of the skin.

**Inositol** - Facilitating communication between nerve cells and helps to transport fats throughout the body. It is also said to promote hair growth as well.

**Horsetail** - Horsetail is high in silicon which is essential for strengthening and growth of hair, skin, and nails.

**Alpha Lipoic Acid** - An antioxidant that helps promote production of energy and tissue regeneration.

**Biotin** - Biotin promotes healthy hair growth and protects against dryness.

It also increases the elasticity of the hair's cortex preventing breakage and increasing hair volume. Biotin also promotes the metabolism of carbohydrates and fats. Bonita was formulated to have a high amount of biotin, more than most leading Hair, Skin, and Nail brands.

**Grape Seed Extract** - Improves the elasticity of the skin.
