# The SOS World Pass is a Translated Help Message

Pull it out of your passport if you need help while abroad and show it to a local. He or she will read your message in his or her own language and you will never have to worry about a language barrier getting in your way. It's safety without compromise.

# Where do I keep my SOS World Pass?

The SOS World Pass is designed to fit cleanly inside the back flap of your passport. Our proprietary paper is thinner than regular paper making it compact and easy to fit without adding bulk.

# What if I don't have my passport with me?

While traveling internationally, it is smart to keep your passport with you at all times. However, certain circumstances occasionally arise where you might prefer to leave your passport in a safe place.

Not a problem! The SOS World Pass easily moves from your passport to your pocket.

And don't worry about getting it wet or dirty. It's made to charge down a wild river in a kayak, climb the local mountains or mountain bike through the wilderness.
