### PolarSeal® II Clamp Assortment Simplicity, Versatility and Coverage in One Convenient Kit

Just in time for A/C repair season! Introducing Gates all-new PolarSeal II Clamp Assortment for easy A/C Hose System Repair. This kit includes the tools needed to quickly make A/C Barrier Hose Assemblies in the field or in the shop without heavy, bulky crimping equipment. Use with PolarSeal II A/C Barrier Hose & Stems.

.....Part No. 85009

### PolarSeal® II Male Flareless Assemblies 8 New Parts to Make A/C Repair Even Easier

Gates new PolarSeal II Male Flareless Assemblies make A/C repair even easier. These 8 new compression fittings have coverage for a wide range of tube/hose assemblies, reducing multiple inventory needs. The assemblies allow for flexibility in A/C repair as they can easily be mounted to existing A/C tubing, eliminating the need for a new tube/hose assembly.

### DriveAlign® HD Tensioner for DD Series Engines An Advanced, Drop-In Solution that Lasts Longer than the OE Tensioner

Introducing Gates new DriveAlign Heavy-Duty Tensioner for DD Series engines installed in popular Freightliner and Western Star models, covering over 45,000 VIO. This tensioner is superior to the OE design, making it more responsive to system load variations, better balanced to provide even wear, and easier to install. Fleet-tested to over 400K miles, this tensioner is proven to outlast the OE product, which means fleet managers are able to avoid unnecessary maintenance while lowering their cost per mile.

.....Part No. 38667

## NEW PRODUCT RELEASE—Q2 2013

### Hose Clamp Pliers Set Convenience for Easy Radiator Hose Installation and Repair

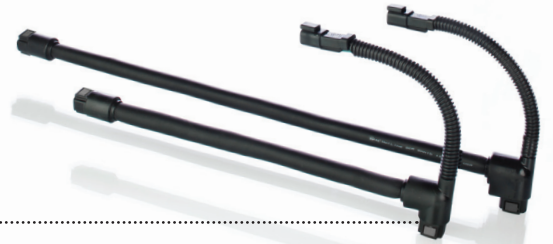

Introducing an all-in-one set of professional-grade tools for easy radiator hose installation and repair. This set has the necessary tools for various installation scenarios, including a remote action, flexible hose clamp tool, large flat-band pliers, and hose release hooks. It is the perfect addition to every Professional Technician's toolbox.

Part No. 91067

### DEF Hotline™ SCR Hose Assemblies for PACCAR applications 20 New Heated Hose Assemblies with Innovative Design and Superior Quality

Gates is the first to the aftermarket with its premium Diesel Exhaust Fluid Hotline SCR Hose Assemblies which now includes coverage on heavy-duty vehicles like Kenworth and Peterbilt that use PACCAR DEF hoses. With high failures reported on Kenworth and Peterbilt chassis, this new range of DEF hose assemblies represents the perfect opportunity for Gates advanced, OE+ solution. Customers can avoid significant vehicle downtime by installing superior Gates Hotline Heated Assembly products.

For more information on any of these new products or Gates full product offering, please contact your Gates Sales Representative or go to [Gates.com/AutoContact](http://Gates.com/AutoContact).

As a global engineering leader with a strong foundation in research and development, Gates is committed to advancing the science of motion performance by developing safe, forward-thinking products, services, systems, and solutions for Automotive OEMs and the Aftermarket.
