Carson Dunlop Partners with Ratesheet.ca

Carson Dunlop Homeowners Association Expands with the Addition of Ratesheet.ca

June 13, 2013 (Toronto), Carson Dunlop has partnered with Ratesheet.ca to offer clients access to even more savings through the Carson Dunlop Homeowners Association. The Carson Dunlop Homeowners Association is the company's not-for-profit benefits program, aimed to help clients with their properties after they've had a Home Inspection performed. With the addition of Ratesheet.ca to the Association members, Carson Dunlop clients will now be able to save upwards of \$10,000.

"We are thrilled to partner with such a valuable company - Ratesheet.ca helps homeowners across Canada find the best mortgage rate available," explained Graham Clarke, Vice President of Engineering at Carson Dunlop. "We believe in helping our clients save money while they protect their biggest investment, and Ratesheet.ca really substantiates that ideal."

"We are really excited about this new partnership between Carson Dunlop and Ratesheet.ca. Just like getting a home inspected can save a buyer from unexpected expenses, comparing mortgage rates can save unnecessary expenses," said Vik Palan, President of Ratesheet.ca.

When it comes to finding the best rates for your mortgage, Ratesheet.ca can potentially save you more than \$5,000 over five years, and \$30,000-plus over the course of your mortgage by comparing mortgage rates. This free service aims to illuminate the options available to homeowners by way of mortgage rates and mortgage brokers. Trusted by leading mortgage brokers and borrowers, Ratesheet.ca has assisted thousands of Canadians in their search for getting the best mortgage rates, and now they're helping Carson Dunlop clients.
