

# Risk Management Consulting Field Services

## Comprehensive Risk Analysis and Loss Control

Succeed Management Solutions, LLC now offers a complete selection of risk assessment, environmental health and safety, and industrial hygiene consultative technical field services.

The Risk Management Field Service consultants work directly with your clients and through your Risk Management Center platform to deliver effective strategies to manage risk, improve workplace safety, and achieve regulatory compliance.

Risk Management Consulting Field Services will help your clients:

- Improve their risk profile and safety practices
- Increase the competency of their workforce
- Reduce incidents, liabilities, and associated costs

Succeed consultants are certified safety and industrial hygiene professionals with CSP and CIH designations and decades of experience who can deliver expert insight and practical solutions to your clients.

## Succeed Consulting Services Include:

- Onsite Risk Assessments and Prioritized Action Plans
- Behavior-Based Safety Program Development
- Job Hazard Analysis and Job Description Development
- OSHA Compliance and Best Practices Recommendations
- Injury and Illness Prevention Plan and Voluntary Prevention Program Development
- Environmental Health and Safety Consulting
- Full Range of Industrial Hygiene Field Services
- Comprehensive Web-Based Risk Management Software Platform
- Succeed University™ Training Courses

### Risk Assessment Service:

Did you know that a full safety audit can potentially reduce your insurance premiums?

### Behavior-Based Safety Service:

Do you want to create an enduring safety culture?

### IIPP and VPP Development Service:

Do you want to ensure OSHA compliance and best practices for your organization?

Whether your clients need help with an operational safety audit, development of a behavior-based safety program, implementation of an injury and illness prevention plan, creation of a company-wide training program, or specific EHS or IH services, Succeed has the professional resources and technical expertise to get the job done.

We assist companies in responding to OSHA complaints and citations, pending or potential litigation, workers compensation claims, safety and health training requirements, and much more.

### The Succeed Mission:

To help companies avoid exposure to risks and liabilities by identifying and resolving workplace issues and concerns.
