

Global - Corp : Training Development Executive Report

6/27/2013

This report provides you with a summary of training development statistics for your project.

Best Regards,
Administrator

Key Statistics

14 High Priority Courses	60 Course Hours
8 Instructional Designers	4.29 Average Course Length
Analysis & Design:	17% Complete
Development:	21% Complete

? Pulse is fully compliant with the **ADDIE** methodology.

Project Timeline

Course Priorities

High Priority courses are those with the most impact to operations at go-live. Eliminating or missing these courses requires a mitigation plan. Typically High Priority courses are completed first, to allow time for training to occur before go-live.

Priority	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
High	60	14	27%	37%
Medium	38	13	6%	5%
Total	98	27	17%	21%

*High Priority courses must be taught prior to Go-live.
Table is sorted by the largest number of course hours

Course Modalities

Instructor-led modality is often assigned to courses with the highest priority, since they have the most impact on resources and budget. Informal training is often assigned to very small target audiences. Web-based training is a good way to provide training that may be taken at the end-user's option for when or if they do the training, or to allow them to easily repeat training.

Modality	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
Instructor-led Training	61	21	17%	23%
Web based Training	37	5	12%	20%
	0	1	40%	0%
Total	98	27	17%	21%

Table is categorized by Course Modality (top table)

ISD Responsibilities

ISD Responsibility	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
Allen Kuhlow				
High	5	2	40%	50%
Medium	24	8	10%	6%
Chelsea Schick				
High	3	1	0%	100%
Cynthia Shern				
Medium	4	2	0%	10%
Kami Pham				
High	1	1	0%	50%
Keerthi Gundapaneni				
Medium	2	1	0%	0%
Rebecca Tan				
High	1	1	60%	100%
Sabrina Signorello				
Total	98	27	17%	21%

ISD Responsibility	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
High	36	4	0%	0%
Medium	2	1	0%	0%
TBD				
High	14	4	50%	42%
Medium	6	1	0%	0%
Total	98	27	17%	21%

Table is sorted alphabetically by name

Tracks

Tracks represent the training required for system business processes.

Track	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
FOUND				
High	1	1	60%	100%
DG				
Medium	28	8	5%	0%
jTask				
High	36	4	0%	0%
Medium	8	4	0%	5%
PPM				
High	2	1	40%	50%
PUR				
High	20	6	40%	53%
QM				
Medium	2	1	40%	50%
SALES				
Total	98	27	17%	21%

Track	Course Hours	Courses	Analysis & Design % Complete	Development % Complete
High	1	1	0%	50%
Total	98	27	17%	21%

Table is sorted alphabetically by name

Pulse Users	Date Last Logged in
Rebecca Tan	04/22/2013
Test Account	03/20/2013

Note: if *Date Last Logged in* field is blank, it indicates that the user has an account in Pulse but has not logged in yet.
