“Excellent customer service!!! Best realty company I've had by far. Charles was very easy to communicate with and the application process was quick and easy. I was approved for the house I wanted to rent from within a few days and the house was available for me to move into right away. I would recommend renting at ACL property to anyone. Their homes are in great condition and the house that I rented was in a very nice family neighborhood. My neighbors, who also rented from ACL property, were also very friendly and easy to get along with. I had no problems with them.

“It's always a great thing when the people you're renting a home from love what they do. It makes you feel more appreciated. Everything went very smooth with this realty company. Whenever I had a concern, it was addressed right away. I'm glad I found ACL Property.”

Charles Lassey, owner of ACL Property Manager. “We take pride in our clients' properties, and are always excited to hear good reviews.”
