

KAZOOM FOR YOUR BUSINESS.

Kazoom is an innovative smartphone application bringing all inclusive information about Cyprus to the users hands through the use of a complete Cyprus directory. Kazoom was born out of a need expressed by Cypriots, expats and tourists for a comprehensive, easy to use and portable guide to services and facilities available in Cyprus.

Kazoom not only presents the opportunity to advertise your business to a limitless audience at costs which are a fraction of traditional advertising costs but also affords you the opportunity to promote your business through:

- Direct Call Function
- Map Directions
- Deals & Offers
- Events Calendar
- Menu / Additional Information
- Image Gallery
- Social Media Friendly
- Customer Reviews & Ratings

The development of Kazoom will be an ongoing process aimed at making Kazoom the number one guide to anything and everything in Cyprus. Constant development will aim to further improve the app with every future version and to keep in line with the growing global online trend.

With all of these features available on one easy to use app and prices starting from less than 10 cents per day, can your business afford to be without Kazoom? Packages have been designed to offer maximum advantage at costs affordable to even the smallest retailer and service provider in the market.

Contact our sales office today and watch the exponential growth of your business.
