"Now that I've started shooting with a silencer, I won't shoot without it!"

BUY ONE SILENCER TO USE ON ALL GUNS OF LIKE CALIBER

Every gun owner should consider buying a silencer...
THEY HAVE NEVER BEEN ILLEGAL

Make your high-powered rifle sound like a .22 in no time.
Silencers eliminate the need for hearing protection, significantly reduce recoil, have no effect on bullet velocity, and will tighten bullet groups.

THE VARMINTER 2.0

#1 SELLING RIFLE SILENCER IN SD & ND!

The bore and tube work synergistically to change the sound tone and more efficiently convert gas pressure energy to heat energy, creating the quietest silencer on the market - guaranteed.

No welding used! The Varminter 2.0 components custom-fit together eliminating the stress factors found in other high production silencers that rely on traditional welding.

The baffle structure is CNC machined from a proprietary, corrosion-resistant alloy for maintenance-free use and limited lifetime warranty.

- Better Accuracy • Less Recoil
- Better Hunting • No Hearing Protection

Very Cool!
